Who is like our God?

The Lord the Almighty comes to bring judgement, punishment and mercy to Israel and Judah. He sends His Prophet Micah to warn and encourage His people telling them of a hope to come. Over the next few months we will see this story enacted out in many different ways. How we tell our story and grow in our walk with Jesus and how the Christmas Story is the start of a transforming encounter with the God who is constant in love but calling each of us to embrace the call and challenge of the Kingdom. We will also look at how the message of Micah calls for a closer walk with our God and King and for us become instruments of His Kingdom, bringing change and transformation.
